

Environmental Policy

Guardian Communication Systems (GCS) recognises the importance of maintaining and enhancing the quality of the environment for the benefit of our customers, employees, shareholders and the community. Our commitment is to deliver our products & projects in an environmentally responsible manner.

- To Implement & maintain an Environmental Management system in line with ISO 14001 requirements GCS is committed to:
- Complying with all relevant environmental legislation, regulations, codes of practice and contractual conditions,
- Preventing pollution of the environment by activities over which we have control,
- Conducting business with suppliers who also have a commitment to responsible environmental management, and
- Continually improving our environmental management performance by regular reviews and setting realistic environmental objectives and targets.
- Endeavouring to reuse or recycle all materials and equipment where possible
- Disposing of waste whether it be contained or not in the appropriate manner and receptacle
- Protect the environment from any disposal of waste that is known to have an impact on the environment
- Provide regular monitoring & reporting against these indicators to all staff & foster the initiation & ownership of environmental activities by all of our staff & subcontractors, there by building a strong environmentally aware business culture

To achieve our policy goals, we will plan and manage our activities in accordance with the best environmental management principles & associated procedures.

Compliance with this policy is mandatory for all employees and contractors and will be monitored on a regular basis, and is a condition of employment and / or contract.

To comply with Policy, training and education will be provided to all employees and contractors to ensure all parties meet the objectives of this Policy.

This Environmental Policy Statement covers all of GCS operations throughout Australia and will be communicated to all staff and available to our customers.
